Re: Ultra Tef-Gel[®] / Tikal Marine Systems GmbH Tef-Gel:

This letter is to let you know that Tikal Marine Systems GmbH does not purchase our Tef-Gel[®] product, does not have an account with and is no longer a customer of Ultra Safety Systems, Inc. as of January 2014.

That a trademark is the only thing Tikal Marine Systems GmbH has relative to the original product known as Tef-Gel[®], The Corrosion Eliminator and Anti-seize Lubricant, produced by Ultra Safety Systems, Inc for 20 Years in Palm Beach Country, Florida, U.S.A., and does not receive any Ultra Tef-Gel[®] product.

That we are the only one that can provide you a Certificate of Conformance for the product Tef-Gel[®].

Respectfully Yours

A handwritten signature in dark ink, appearing to read "Robert Mergenthaler", is written over the typed name.
